#### SUMMARY

I am a fifth year doctoral candidate in the Department of Mathematics and Statistics at Florida Atlantic University studying computational dynamical systems, differential equations, and nonlinear analysis. In particular, I employ functional-analytic techniques and computer-assisted proofs to rigorously study chaotic systems of ordinary differential equations, state-dependent delay differential equations, and travelling wave solutions of partial differential equations. I am also creating novel software to automate the computation and validation of invariant manifolds in ODE systems, and am applying this in my thesis as a new approach to classify the stability of traveling waves. In general, I view the computer as an invaluable tool in mathematics research and I enjoy learning and developing computational techniques to study open problems in mathematics.

## **DOCTOR OF PHILOSOPHY, Mathematics**

Spring 2025 (Expected)

FLORIDA ATLANTIC UNIVERSITY

- Dissertation: Existence and stability of nonlinear waves: a computer-assisted approach.
- 3.98/4.00 GPA

# **MASTER OF SCIENCE, Mathematics**

2020

FLORIDA ATLANTIC UNIVERSITY

- MS Presentation: The Stable Manifold Theorem
- 4.00/4.00 GPA

# **BACHELOR OF SCIENCE, Mathematics**

2018

FLORIDA ATLANTIC UNIVERSITY

- Minor in Statistics
- 3.84/4.00 GPA

## PROFESSIONAL EXPERIENCE \_

# **GRADUATE TEACHING ASSISTANT**

2018-Current

FLORIDA ATLANTIC UNIVERSITY

Duties include tutoring, grading, and teaching for undergraduate courses in mathematics and statistics.

MECHANICAL DRAFSTMAN 2024-Current

RICK CORBETT INC.

 Duties include designing and drafting HVAC and plumbing plans, as well as assisting in field work and mechanical surveying for new and existing buildings in the South Florida area.

# **GRADUATE RESEARCH ASSISTANT**

2020-2021, 2022-2024

FLORIDA ATLANTIC UNIVERSITY

 Partially supported to perform data analysis on an NSF-funded project in collaboration with FAU's College of Education.

#### NSF MATHEMATICAL SCIENCES GRADUATE RESEARCH INTERN

2023

U.S. ARMY CORPS OF ENGINEERS' RESEARCH AND DEVELOPMENT CENTER

- · Intensive summer-long applied mathematics research program, funded by the NSF and administered by the Oak Ridge Institue for Science and Education (ORISE). The appointment took place onsite in Vicksburg, Mississippi.
- •Performed research concerning the development of cryptanalytic tools to make predictions in chaotic systems. This work culminated in a paper and has been submitted to *Physical Review E* (see Publications [2]).

# **PUBLICATIONS**

[1] "PERIODIC ORBITS OF STATE-DEPENDENT DELAY DIFFERENTIAL EQUATIONS"

Accepted September 2024

[2]	"PREDICTING STATE SWITCHES IN CHAOTIC DYNAMICAL SYSTEMS" WITH K. PILKIEWICZ AND M. MAYO	Submitted July 2024
[3]	"Existence and Stability of Nonlinear Waves: A Computer-Assisted Approach" with J. D. Mireles-James	In preparation
[4]	"PERIODIC ORBITS IN THE STATE-DEPENDENT VAN DER POL SYSTEM" WITH V. NAUDOT	In preparation
[5]	"RECRUITMENT AND RETENTION OF STEM TEACHERS IN HIGH NEED SCHOOLS: AN ALUMNI SURVEY ANALYSIS OF SELECTED NSF ROBERT NOYCE PROGRAMS" WITH D. KUMAR AND S. MOFFITT	In preparation
[6]	"A MIXED METHOD STUDY OF STEM TEACHER SUPPLY TO HIGH NEED SCHOOLS IN FLORIDA AND TEXAS" WITH D. KUMAR, S. MOFFITT, AND C. RESTREPO-WIDNEY	In preparation

Тн	E DYNAMICS OF CIRCLE MAPS AND DENJOY'S THEOREM	·
	Multi-class lecture for graduate course in Dynamical Systems at Florida Atlantic University  E FOURIER TRANSFORM, REGULARITY, AND SOBOLEV EMBEDDING	February 2020
	ecture for graduate course in Partial Differential Equations at Florida Atlantic University	November 2019

## PROGRAMMING EXPERIENCE

LANGUAGES: MATLAB | R | Python | LATEX

RELEVANT SKILLS INTLAB | R Markdown | SageMath | AutoCAD

## **FELLOWSHIPS & SCHOLARSHIPS**

# ISAAC SCHUR GRADUATE SCHOLARSHIP

2021

- Awarded to graduate students in mathematics who have successfully passed two qualifying exams, maintained a high GPA in graduate studies, and received distinguished letters of recommendation from two professors
- Award of \$1,000

## **FAU PRESIDENTIAL FELLOWSHIP**

2018-2020

- Two-year fellowship awarded to doctoral students who have exhibited an excellent academic record and excellent letters of recommendation as determined by faculty at the time of admission
- Award of \$5,000 per year for the first two years of graduate studies

#### FLORIDA BRIGHT FUTURES SCHOLARSHIP

2018-2019

· Undergraduate scholarship awarded to Florida public university attendees with distinguished GPAs and SAT scores

# **ACTIVITIES & SERVICES**

#### **GRADUATE STUDENT SEMINAR, Organizer**

2022-Current

Organized and co-hosted weekly seminars, with presentations by graduate students and faculty within FAU's Department of Mathematical Sciences

## **AMS STUDENT CHAPTER**

President

2023-Current

 Organized and lead chapter meetings, aided in organizing chapter events, and recruited officers and members for AMS student chapter.

Treasurer 2022-2023

• Managed funds and purchases for AMS-related events and activities at Florida Atlantic University.

# FLORIDA ATLANTIC JAZZ ORCHESTRA, Lead Trombone

2016-2017, 2024

• Attended biweekly rehearsals and performed at various venues for concerts and events as the first-chair trombone player.

# **TECHNOLOGY FEE COMMITTEE,** Graduate Student Representative

2021 - 2022

• Served on committee formed to review proposals and allocate funds for various technology-related enhancements across FAU.

## CERTIFICATES & HONORS

- ACS Disaster Response Certificate (2024)
- CITI Responsible Conduct of Research Certificate (2023)
- CITI Social & Behavioral Research Investigators Certificate (2022)
- CRLA Level 3 Certified Tutor (2018)
- FAU Honors Program (2015-2018)
